encing - 3 August 1973.

1. In response to Reference a., CIA, NSA and the White House Communications Agency have now furnished additional information concerning adding the White House Situation Room (WHSR) to the Watch Officers conferencing net.

2. Pertinent points are as follows:

a. The White House secure phone conferencing capability is targeted to be operational by 1 March 1974. Therefore, until this capability exists we need a temporary substitute.

b. In this vein, CIA and NSA advise:
